STANZA
FLOORING

Padel courts by Stanza.

Classic or panoramic, built for clubs, hotels, communities and villas across the UAE.

Two ways to frame the game.

Every court is 20 × 10 m. The difference is the corner and the frame around the glass.

Classic

Glass at the ends and steel pillars along the sides.

Panoramic

More glass with fewer pillars, for a clear view of the game.

The court in detail.

Standard values. We confirm the final details for your court with your quote.

12 mm

Glass

Tempered safety glass, panels 1995 × 2995 mm with polished edges. 18 panels on a panoramic court.

120 × 120 mm

Steel structure

Corner pillars 120 × 120 × 3 mm, other pillars and cross bars 100 × 50 × 2.75 mm, in a rectangular steel profile with zinc base and epoxy powder coating.

4 mm

Mesh fence

Welded steel mesh in 4 mm wire on the same frame, in your frame colour, with an anti-scratch finish.

0.88 m

Net and posts

Polyester sandwich net with double-wire top rows, on aluminium posts with hidden tensioners. Net height 0.88 m in the middle, as in the rules of padel.

12 mm

Grass

Monofilament padel turf, 12 mm with a 10 mm curled fibre, 48,300 needles per m^2, quartz sand infill 0.2 to 0.8 mm, lines tufted in. Blue, green or terracotta.

4 × 300 W

LED lighting

Four anti-glare LED floodlights in aluminium on 6 m poles, about 400 lux on average on the court.

Build it your way.

Model	Classic or panoramic
Turf colour	Blue, green or terracotta
Frame and fence	Black, blue, green, red or yellow
Lights	With or without LED floodlights
Lettering	Stanza Sports on the fence band and the net
